

TESTIMONIALS from the LAC+USC Medical Center Staff show how CARES improves the medical experience of their patients...

Our Hearts are in Harmony to Help others

“CARES helps patients financially and emotionally by providing emergency food, housing assistance, and holiday gifts for their children. CARES works hand in hand with the Social Workers creating a safety net for patients during their most vulnerable moments.”

No one is more cherished in this world than someone who lightens the burden of another

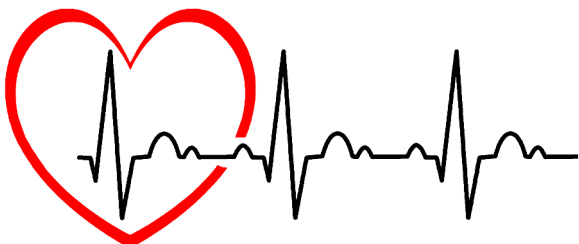

Roberta Guerra, RN, shares coffee
with a patient's Grandma

“The Pediatric Intensive Care Unit staff would like to thank CARES from the bottom of our hearts for the generous contribution of coffee. Some might view a cup of coffee as a simple drink with little meaning. For our families, it is so much more. Many of our parents forgo sleep for hours and sometimes days when they are faced with the hospitalization of their child. The thought of leaving their child even briefly is unbearable. Offering our families a cup of coffee is therapeutic for all concerned. CARES' kindness has touched more lives than one could ever know.”
